# Cookie Policy

## Definitions

Rippton: means, individually and collectively, the operator(s) of the Rippton Platform, including Ningbo Pelican Drone Co., Ltd. and T&J Pelican PTY Ltd. (hereinafter referred to as "Rippton", "we" or "us").

Rippton App: means the Rippton mobile application (hereinafter referred to as "the App").

## Important Cookie Information

Please make sure that you have carefully read and fully understood this Cookie Policy before you use the provided services through the App. You may contact the customer services center should you have any questions.

By using the App, you will be deemed to have accepted all the terms of this Cookie Policy. If you do not, you should immediately stop using the Rippton App. In the spirit of transparency, this Cookie Policy provides detailed information about how and when Rippton uses cookies etc.

## What Is A Cookie?

A cookie is a small file sent to your browser or placed onto your device. It enables us to remember information about your visit or use, like your preferred language, your location and other settings, making your next visit much easier.

## What Are Cookies Used for?

The App, like many other mobile applications, uses cookies to provide better user experience. Many features of our mobile application rely on the use and storage of cookies. We appreciate your understanding that some of our services can only be delivered through the use of cookies.

We use cookies to:

1. Learn about how you use the App so that we can adapt the contents to make them more relevant to your needs.

2. Identify the product(s) that you are interested in when you leave the App so that we can recall them for your next visit.

## Do We Use Third-Party Cookies?

A third-party cookie is one provided by other internet service providers. We may use third-party cookies in the following respects：

1. Traffic analysis: We may obtain aggregate information regarding the use of the App to help us improve the App in terms of navigation, content, and product display.

2. Social media: These cookies allow you to use social media functions such as "Facebook Likes" or "Twitter" directly from the App.

This Cookie Policy covers Rippton's use of cookies and does not cover that by any third party, including those described above.

**Do We Respond to "Do Not Track"?**

We do not currently respond to web browser "do not track" signals or other mechanisms that provide a method to opt out of the collection of information across the networks of websites and online services in which we participate. If we do so in the future, we will describe it in this Cookie Policy. Visit the following website, (www.allaboutdnt.org), for more information on this developing area.

**How Can I Manage or Delete Cookies?**

Most digital platforms such as browsers allow you to control cookies through their setting preference, giving you more fine-gained control over your privacy.

If your browser or browser add-ons allow(s), you may modify your browser's setting to decide what cookies you would like to accept or reject, including the App's cookies. However, in some cases such action may affect your secure access to the App, and your user experience on services provided by Rippton App may be worsened.

**Changes to This Cookie Policy**

This Cookie Policy is under continual review. We may, from time to time, update this Cookie Policy. Any such changes will be posted on this page.

**Contact**

Questions, comments and requests with regard to this Cookie Policy should be sent to support@rippton.com.
